About Eastern Nebraska Trails Network

Eastern Nebraska Trails Network (ENTN), in cooperation with the Nebraska Trails Foundation 501(c) (3) tax deductible corporation, was formed in April 1992.

ENTN advocates and supports the development of multiuse trails throughout the Omaha and surrounding areas.

ENTN's ongoing activities include assisting in the acquisition of land for trails, monitoring state legislative bills that impact the future of trails, and promoting public awareness.

These activities enable ENTN to work toward long term goals which the proceeds from this event will help fund:

- ◆ Development of trails on land held by Douglas County and the Papio NRD that await funding.
- ◆ Trail connection to Nebraska Game & Park facilities at Platte River.
- ◆ Trans-Missouri River connection to Iowa's trails.
- ◆ Trail accessing Heron Haven.
- ◆ Trail connection between Omaha and Lincoln.

Note to "Team Members"

Each Member must register at the turn-around station in order to earn points for their Club Team. It is assumed that the cyclist will ride the return route to the finish line to have earned the total points

Participants may register for one tour but then complete a different tour on the day of the event. For example: If a cyclist registered for the Riverside Ride (25 mi.) but decided to continue on with the Tour de Fort (42 mi.). The cyclist should register at the Fort Calhoun turn-around station and then will receive 42 mi. /points.
